Volunteers Needed for Hartley Trail Re-Route

Over the next two months, some trails in Hartley will be moving in new direction ... literally. In an effort to restore and improve the bike trails in the popular Hartley Nature Center Park, the City of Duluth and COGGS (Cyclists of Gitchi Gummi Shores) are working with volunteers to re-route a number of trails. Many more volunteers are being sought to help with important this project. "Many of the current trails are old and unsustainable; even a little rainfall was enough to beat them up," said Matt Evingson, Trail Coordinator for COGGS, "These re-routes are designed to make the trails more resilient and resistant to wet weather, ensuring that trail users have the best experience possible." While no trail building experience is required, Evingson and others are hoping for volunteers who are committed to learning what it takes to make super fun sustainable trails. "Duluth has the potential to have some of the best trails but we need to improve the design to reach this potential" says Evingson. "We need to employ the knowledge of how to upkeep and maintain these gems so they can be enjoyed during any season for years to come" Volunteer shifts are available weekdays through Friday, August 17th. Work starts [at 8am and goes through 1pm](#), rain or shine. Volunteers should be 16 years or older. Youth under 18 need parent permission.

Community Trail Re-Route Work Days are regularly scheduled for Hartley on Wednesdays [at 6pm](#). Volunteers of all ages are welcome; no experience necessary. Youth under 18 need adult permission. Additional weekend events will be planned. Watch for those events on the community calendar. Dress to get dirty, wear sturdy shoes and bring work gloves. You also may want to bring sunscreen and bug spray. Don't forget to bring your own water bottle. No tools necessary, but feel free to bring along cutting loppers or clippers, a garden rake and fork, a leaf tarp or a shovel. If you'd like to get involved in the Hartley Re-Routes, please contact Cheryl Skafta, City of Duluth Volunteer Coordinator at [218-393-9879](tel:218-393-9879) or cskafta@duluthmn.gov. Please indicate the dates and times you are available.

Annual Park Point Sandmodeling Contest Summer Beach Bash "New" Water Safety Expo

Annual Sandmodeling Contest

Sandmodeling teams were invited to create their own works of art in the sand on Thursday, July 19th. A panel of judges reviewed the sand sculptures with prizes were given in several categories. The YMCA was on hand to coordinate activities such as a beach tug of war, hula hoop contest, water balloon toss, treasure hunt, beach volleyball, field games, and face painting.

Water Safety Expo held from 2:00-5:00 PM

The event took place at the Park Point Beach House which is located at 45th Street and Minnesota Avenue. The Water Safety Expo was free to the public. There were informational booths, games, with several demonstrations on safety topics such as rescue boards, throw rings, life jacket fittings, and more. Other demonstrations included weather safety, rip currents, and kayaking. Various organizations provided tips on how to stay safe at the beach this summer, including information about severe weather, hypothermia, and, of course – rip currents. Organizations included were Duluth YMCA Lifeguards, Northland Red Cross, Amateur Radio, Duluth Fire Department, National Weather Service, Duluth Power Squadron, Minnesota and Wisconsin

Sea Grant, Essentia Health/SMDC, MN Department of Health, Great Lakes Surf Rescue Project, UMD Recreational Sports Outdoor Program, US Coast Guard Duluth, and USCG Auxiliary.
